Experienced and Proven Management Team

Senior Management Has Over 50+ Years of Collective Experience Managing and Investing in Net Lease Real Estate

Pete Mavoides President & CEO

- +20 years of experience in the single-tenant net lease industry and has overseen \$8 billion of aggregate acquisitions
- Previously served as President and Chief Operating Officer of Spirit Realty Capital (SRC) and was there from September 2011 to February 2015
- Helped transition SRC from a privately-held company with \$3.2 billion of total assets to a public company with \$8.0 billion of total assets
- Prior to SRC, served as President and Chief Executive Officer of Sovereign Investment Company and was there from May 2003 to January 2011

Gregg Seibert Executive Vice President & COO

- +25 years experience in the single-tenant net lease industry
- Previously served as Executive Vice President and Chief Investment Officer of SRC and was there from September 2003 to May 2016
- Helped establish and implement SRC's investment sourcing, tenant underwriting, asset management and capital markets activities
- Prior to SRC, held positions as Vice President and Senior Vice President of Underwriting and Research as well as Senior Vice President of Acquisitions at Franchise Finance Corporation of America (FFCA)

Hillary Hai CFO & Senior Vice President

- Previously served as Vice President and Director of Investments at SRC and was there from January 2013 to April 2016
- At SRC, underwrote and closed \$1 billion of transactions
- Prior to SRC, worked at Lowe Enterprises Investors, a real estate investment firm, as an analyst
- Graduated with a BA from the University of California Los Angeles and obtained an MBA from the University of Michigan

Dan Donlan Senior Vice President & Head of Capital Markets

- +12 years covering the single-tenant net lease REIT sector as a sell-side equity research analyst
- Previously worked at Ladenburg Thalmann & Co. as a Managing Director and senior REIT analyst
- Prior to Ladenburg, served as Vice President and senior REIT analyst at Janney Capital Markets
- Before Janney, was an associate analyst at BB&T Capital Markets
- Graduated with a BBA from the University of Notre Dame

Investor Presentation - December 2019

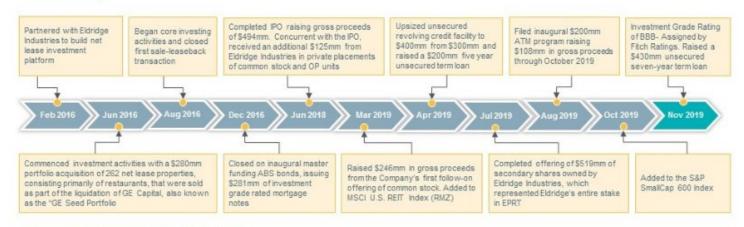

ESSENTIAL =

PROPERTIES

Building Essential Properties

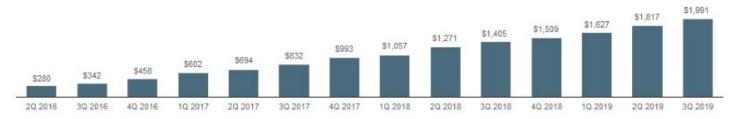

Long Standing Relationships Have Allowed the Portfolio to Scale Rapidly and Reliably with Proven Access to Capital

Our History

Cumulative Investment Activity¹

(Smm

1. Includes transaction costs, lease incentives and amounts funded for construction in progress

Investor Presentation – December 2019

Key Accomplishments Since IPO

Consistent Execution of the Business Plan Articulated at the Time of the IPO

Maintained Investment Discipline While Generating Compelling Growth

- Consistent Underwriting and Investment Growth: Over the trailing 12 months¹, EPRT has invested ~\$145mm on avg.
 per quarter at a 7.5% wgt. avg. cash cap rate with 76% of transactions being sale-leasebacks and 63% being subject to a
 master lease; WALT was 15.9 years, wgt. avg. rent coverage ratio was 3.2x, and avg. investment per property was \$1.8mm.
- Compelling Growth Characteristics: Management's 2020E AFFO per share guidance implies 13% growth over 2019 AFFO per share guidance at the midpoint

Active Asset Management and New Investment Activity Have Improved Portfolio Metrics

- Top 10 Tenant Concentration Moderating: Top 10 tenant exposure declined to 25.5% at 3Q 2019 vs. 35.0% at 3Q 2018
- Steady Same-Store (\$\$) Rent Growth: SS contractual rents have grown at 1.7%-1.9% yr/yr since coming public
- Maintained Sector Leading WALT: 14.4 year WALT at 3Q 2019 vs. 14.3 years at 3Q 2018
- Sound Unit-Level Rent Coverage: Portfolio unit-level rent coverage has remained between 2.8x-2.9x since coming public
- Accretive Capital Recycling: Since inception have sold \$187mm of properties at a 6.6% wgt. avg. cash cap rate (only includes leased properties) vs. completed \$1.7B² of investment activity at a wgt. avg. cap rate of 7.6%²

Demonstrated Access to Multiple Forms of Capital Since Coming Public

- · Completed First Follow-On Offering in March: Raised \$235mm in net proceeds from first follow-on offering in March
- Credit Facility Expanded and Amended in April: Increased revolving line of credit by \$100mm to \$400mm, extended
 maturity date to April 2024, added a \$200mm five-year unsecured term loan, and lowered interest rate spread on facility
- Repurchased ABS Notes in May: Repurchased \$200mm of ABS notes, which increased our wgt. avg. debt maturity to 4.68 years from 3.75 years, lowered our wgt. avg. interest rate to 3.89% from 4.35%, and reduced secured debt by 39%
- Full Exit of Eldridge Industries in July: Sold \$519mm of secondary shares in July, representing the entire position of our initial capital sponsor, Eldridge Industries, which has greatly enhanced our public float and daily liquidity
- Filed \$200mm ATM Program in August: Raised \$108mm of gross proceeds since instituting ATM program

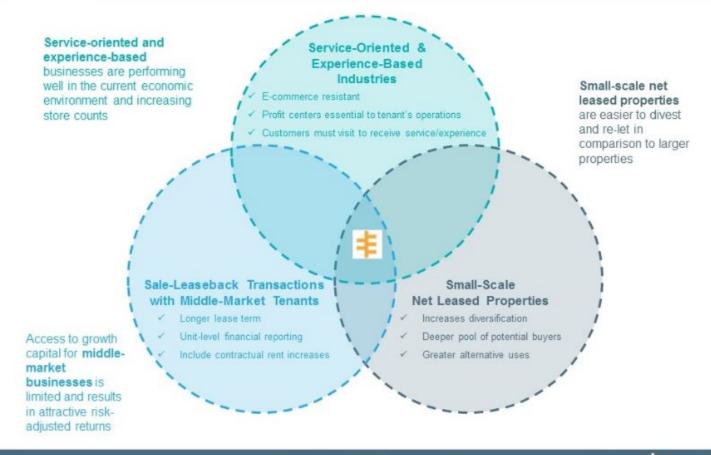

Trailing 12 months as of September 30, 2019.
 Excludes the GE Seed portfolio purchase.

Targeted Investment Strategy Based on Decades of Experience

Management's Investment Discipline Has Been Refined Over Multiple Decades of Managing Assets Through Various Credit Cycles

6

Investor Presentation - December 2019

Seek to be the Capital Provider of Choice

Maintain Direct Relationships with Our Tenants and Actively Seek to Leverage Our Relationships to Identify New Investment Opportunities

81.2%

Relationship-Based Sourcing

87.7%

Repeat Business Through Existing Senior Management Relationships1

Internally Originated Sale-Leaseback Transactions²

Tenant Relationships

Underwriting Methodology

Unit-Level Profitability

· Evaluate the profitability of the business operated at our real estate locations through rent coverage ratios and historical financials

Real Estate Valuation

· Identify whether the underlying real estate is commercially desirable and suitable for use by different tenants

Industry View

· Determine the relevant competitive factors and long-term viability of the industry, avoiding industries subject to long-term functional obsolescence

Credit of the Tenant

- · Perform detailed credit reviews of the financial condition of all proposed tenants to determine their financial strength and flexibility
- 1. Percentage of portfolio cash ABR as of September 30, 2019 that was acquired from parties who previously engaged in one or more transaction with a senior management team member. Exclusive of GE Seed Portfolio.

 2. Percentage of portfolio cash ABR as of September 30, 2019 that was attributable to internally originated sale-leaseback transactions. Exclusive of GE Seed Portfolio.

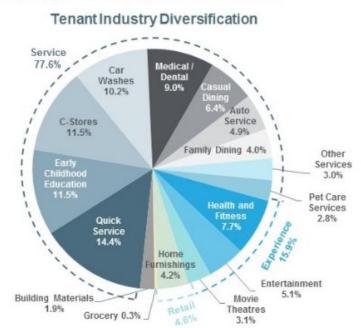

Investor Presentation - December 2019

New Vintage Portfolio is Focused on Targeted Industries

Our Portfolio is the Result of a Disciplined Adherence to Investing in Properties Leased to Service-Oriented and Experience-Based Businesses with Unit-Level Reporting

- E-Commerce Resistant: 93.5% of cash ABR comes from service-oriented and experience-based tenants
- Focus on 16 Industries: Results in greater sector expertise and more efficient asset management
- 14.4 Year WALT Limits Near-Term Cash Flow Erosion: Only 3.1% of our cash ABR expires through 2023
- Highly Transparent with No Legacy Issues: 98.0% unit-level reporting; investment program started in June 2016

9

Portfolio Built to Mitigate Specific Net Lease Investment Risk Factors

The Company Has Purposefully Developed Business Practices and Constructed a Portfolio Designed to Mitigate Key Identifiable Net Lease Risk Factors

| Net Lease Risk Factor | Mitigation by Essential Properties |
|---|--|
| Challenged Retail Categories | No exposure to big-box apparel, electronics, sporting goods or other soft goods retailers |
| At-Risk Retail Categories | No exposure to pharmacy, dollar stores or discount retailers; de minimis exposure to grocers |
| Asset Concentration | No large office, manufacturing or high-dollar special-purpose properties; primarily target smaller asset size (average investment per property of \$2.0 million) in service-based and experience-oriented industries |
| Tenant Concentration | No single tenant represents more than 4.0% of cash ABR |
| Industry Concentration | Focus on 16 industries allows balance of deep industry expertise and diversification, while avoiding at-risk categories |
| Opaque Credit Deterioration | 98% of leases [†] obligate tenant to provide unit-level financial reporting |
| Lack of Organic Revenue Growth | 98% of leases¹ provide for increases with 1.6% weighted average annual escalation rate² assuming 0.0% change in annual CPI |
| Low Rent Recapture at Expiration / Default | Focus on smaller-box properties with alternative uses and well-located real estate with at or below market rents |

^{1.} Based on cash ABR as of September 30, 2019.

^{2.} Represents the weighted average annual escalation rate of the entire portfolio as if all escalations occur annually. For leases in which rent escalates by the greater of a stated fixed percentage or CPI, we have assumed an escalation equal to the stated fixed percentage in the lease. As any future increase in CPI is unknowable at this time, we have not included an increase in the rent pursuant to these leases in the weighted average annual escalation rate presented.

Disciplined Underwriting Leading to Healthy Portfolio Metrics

98.0% of Unit-Level Reporting Provides (Near) Real-Time Tenant Visibility

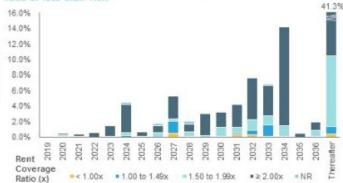

Healthy Rent Coverage Ratios¹

Only 2.1% of cash ABR has less than 1.5x coverage and an implied credit rating lower than B

Long Weighted Remaining Lease Term

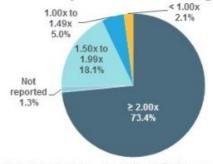

Only 0.6% of our expiring cash ABR through 2026 has a rent coverage ratio of less than 1.5x

Tenant Financial Reporting

| Tenant Financial Reporting Requirements | % of Cash ABR |
|---|------------------|
| Unit-Level Financial Information | 98.0% |
| Corporate-Level Financial Reporting | 98.6% |
| Both Unit-Level and Corporate-Level Financial Information | 97.7% |
| No Financial Information | 1.1% |

% of Cash ABR by Unit-Level Coverage Tranche2

Note: Statistics as of September 30, 2019. "NR" means not reported.

1. The chart illustrates the portions of annualized base rent as of September 30, 2019 attributable to leases with tenants having specified implied credit ratings based on their Moody's RiskCalc scores. Moody's equates the EDF scores generated using RiskCalc with a corresponding credit rating.

2. Certain tenants, whose leases do not require unit-level financial reporting, provide the Company with unit-level financial information. The data shown includes unit-level coverage for these leases.

Established and Proven Investment Infrastructure

Scalable Platform Allows for Consistent and Attractive Investment Activity without Sacrificing Underwriting Standards and Investment Focus

Investment activity has averaged ~\$145mm per quarter over the last eight quarters

^{1.} Cash ABR for the first full month after the investment divided by the purchase price for the property.
2. GAAP rent for the first twelve months after the investment divided by the purchase price for the property.
3. As a percentage of cash ABR for that particular quarter.
4. Includes investments in mortgage loan receivables collateralized by more than one property.
5. Includes investments in mortgage loans receivable made in support of sale-leaseback transactions.
6. Included three properties that secured \$16.8 million of mortgage loans receivable.
7. Included 71 properties that secured \$35.3 million of mortgage loans receivable.

Active Asset Management

Proactive Asset Management Mitigates Risk and Maximizes Risk-Adjusted Returns

- · Dispositions Have Traded at Attractive Cap Rates: Since inception in 2016 through 3Q 2019, we have sold 137 properties for \$187mm and achieved a weighted average cash cap rate of 6.6% on the sale of 97 leased properties8
- . Trailing 12-Month (TTM) Sales Came from a Diverse Mix of Industries: No single industry was overrepresented among our dispositions in the trailing 12 month period, which we believe provides visibility into the value of our diverse portfolio

Net of transaction costs.
 Gains/(losses) based on our aggregate allocated purchase price

Gains/losses) based on our aggregate allocated purchase price.

Cash ABR at time of sale divided by gross sale price (excluding transaction costs) for the property.

Property count excludes dispositions in which only a portion of the owned parcel is sold.

Excludes one property sold pursuant to an existing tenant purchase option.

Excludes the sale of one leasehold property.

Excludes the prepayment of two mortgage loans receivable for \$4.6 million.

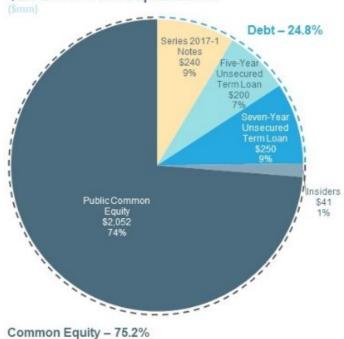

Excludes two leasehold properties and one property sold pursuant to an existing tenant purchase option.

Percentages are based on cash ABR; trailing 12 months (TTM) period ended September 30, 2019.

Leasing Summary

Same-Store Analysis

Defined Terms

Same-Store Portfolio:

All properties owned, excluding new sites under construction, for the entire same-store measurement period, which is July 1, 2018 through September 30, 2019. The samestore portfolio for 3Q 2019 is comprised of 538 properties and represented 60% of our current portfolio as measured by contractual cash rent divided by our cash ABR at September 30, 2019.

Contractual Cash Rent:

The amount of cash rent our tenants are contractually obligated to pay per the inplace lease as of September 30, 2019; excludes percentage rent that is subject to sales breakpoints per the lease.

Same-Store Portfolio Performance

Investor Presentation - December 2019

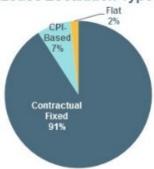

Leasing Summary

Lease Escalations

Lease Escalation Frequency

| ease Escalation Frequency | % of Cash ABR | Weighted Average Annual Escalation Rate ^{1,2} |
|------------------------------|---------------|---|
| Annually | 77.6% | 1.7% |
| Every 2 years | 2.7 | 1.4 |
| Every 3 years | 0.3 | 1.2 |
| Every 4 years | 0.6 | 0.8 |
| Every 5 years | 13.9 | 1.3 |
| Other escalation frequencies | 3.1 | 1.4 |
| Flat | 1.7 | NA |
| Total / Weighted Average | 100.0% | 1.6% |

- Leases contributing 98% of cash ABR provided for base rent escalation, generally ranging from 1.0% to 4.0% annually, with a
 weighted average annual escalation rate of 1.6%, which assumes 0.0% change in annual CPI
- 7% of contractual rent escalations by cash ABR are CPI-based, while 91% are based on fixed percentage or scheduled increases
- 73% of cash ABR derived from flat leases is attributable to leases that provide for contingent rent based on a percentage of the tenant's gross sales at the leased property

^{1.} Based on cash ABR as of September 30, 2019.

Represents the weighted average annual escalation rate of the entire portfolio as if all escalations occur annually. For leases in which rent escalates by the greater of a stated fixed percentage or CPI, we have assumed an escalation equal to the stated fixed percentage in the lease. As any future increase in CPI is unknowable at this time, we have not included an increase in the rent pursuant to these leases in the weighted average annual escalation rate presented.

Investor Presentation - December 2019 ESSENTIAL = PROPERTIES

These adjustments are made to reflect EBITDAre, NOI and Cash NOI as if all investments in and dispositions of real estate made during the three months ended. September 30, 2019 had occurred on July 1, 2019.
 Adjustment includes certain non-recurring expenses recorded within general and administrative expenses in our consolidated statement of operations, including \$2,473 of costs and charges incurred in connection with the Eldridge secondary offering and a \$275 provision for potential settlement of litigation.
 Adjustment excludes contingent rent (based on a percentage of the tenant's gross sales at the leased property) where payment is subject to exceeding a sales threshold specified in the lease.

 Our revolving or resold facility provides a maximum aggregate initial original principal amount of up to \$400 million and includes an accordion feature to increase, subject to certain conditions, the maximum availability of the facility byup to \$200 million.
 Common equity & units as of September 30, 2019, based on 79,672,970 common shares outstanding (including unvested restricted share awards) and 553,847 OP units held by non-controlling interests.

Glossary

Supplemental Reporting Measures and Other Terms

FFO, Core FFO and AFFO

Our reported results are presented in accordance with U.S. generally accepted accounting principles ("GAAP"). We also disclose funds from operations ("FFO"), core funds from operations ("Core FFO") and adjusted funds from operations ("AFFO"), each of which is a non-GAAP financial measures. We believe these non-GAAP financial measures are accepted industry measures used by analysts and investors to compare the operating performance of REITs.

We compute FFO in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as GAAP net income or loss adjusted to exclude extraordinary items (as defined by GAAP), net gain or loss from sales of depreciable real estate assets, impairment write-downs associated with depreciable real estate assets and real estate-related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets), including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO is used by management, and we believe may be useful to investors and analysts, to facilitate meaningful comparisons of operating performance between periods and among our peers primarily because it excludes the effect of real estate depreciation and amortization and net gains and losses on sales (which are dependent on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions).

We compute Core FFO by excluding from NAREIT defined FFO certain GAAP income and expense amounts that we believe are infrequent and unusual in nature and/or not related to our core real estate operations. Exclusion of these items from similar FFO-type metrics is common within the equity REIT industry, and management believes that presentation of Core FFO provides investors with a potential metric to assist in their

evaluation of our operating performance across multiple periods and in comparison to the operating performance of our peers, because it removes the effect of unusual items that are not expected to impact our operating performance on an ongoing basis. Core FFO is used by management in evaluating the performance of our core business operations. Items included in calculating FFO that may be excluded in calculating Core FFO may include items like transaction related gains, losses, income or expense or other non-core amounts as they occur.

To derive AFFO, we modify the NAREIT computation of FFO to include other adjustments to GAAP net income related to certain items that we believe are not indicative of our operating performance, including straight-line rental revenue, non-cash interest expense, non-cash compensation expense, other amortization and non-cash charges, capitalized interest expense and transaction costs. Such items may cause short-term fluctuations in net income but have no impact on operating cash flows or long-term operating performance. We believe that AFFO is an additional useful supplemental measure for investors to consider to assess our operating performance without the distortions created by non-cash and certain other revenues and expenses.

FFO, Core FFO and AFFO do not include all items of revenue and expense included in net income, nor do they represent cash generated from operating activities, and they are not necessarily indicative of cash available to fund cash requirements; accordingly, they should not be considered alternatives to net income as a performance measure or cash flows from operations as a liquidity measure and should be considered in addition to, and not in lieu of, GAAP financial measures. Additionally, our computation of FFO, Core FFO and AFFO may differ from the methodology for calculating these metrics used by other equity REITs and, therefore, may not be comparable to similarly titled measures reported by other equity REITs.

Glossary

Supplemental Reporting Measures and Other Terms

We also present our earnings before interest, taxes and depreciation and amortization for real estate ("EBITDA"), EBITDA further adjusted to exclude gains (or losses) on sales of depreciable property and real estate impairment losses ("EBITDAre"), net debt, net operating income ("NOI") and cash NOI ("Cash NOI"), all of which are non-GAAP financial measures. We believe these non-GAAP financial measures are accepted industry measures used by analysts and investors to compare the operating performance of REITs.

EBITDA and EBITDAre

29

We compute EBITDA as earnings before interest, income taxes and depreciation and amortization. In 2017, NAREIT issued a white paper recommending that companies that report EBITDA also report EBITDAre. We compute EBITDAre in accordance with the definition adopted by NAREIT. NAREIT defines EBITDAre as EBITDA (as defined above) excluding gains (or losses) from the sales of depreciable property and real estate impairment losses. We present EBITDA and EBITDAre as they are measures commonly used in our industry and we believe that these measures are useful to investors and analysts because they provide important supplemental information concerning our operating performance, exclusive of certain non-cash and other costs. We use EBITDA and EBITDAre as measures of our operating performance and not as measures of liquidity.

EBITDA and EBITDAre are not measures of financial performance under GAAP. You should not consider EBITDA and EBITDAre as alternatives to net income or cash flows from operating activities determined in accordance with GAAP. Additionally, our computation of EBITDA and EBITDAre may differ from the methodology for calculating these metrics used by other equity REITs and, therefore, may not be comparable to similarly titled measures reported by other equity REITs.

Net Debt

We calculate our net debt as our gross debt (defined as total debt plus net deferred financing costs on our secured borrowings) less cash and cash equivalents and restricted cash deposits held for the benefit of lenders.

We believe excluding cash and cash equivalents and restricted cash deposits held for the benefit of lenders from gross debt, all of which could be used to repay debt, provides an estimate of the net contractual amount of borrowed capital to be repaid, which we believe is a beneficial disclosure to investors and analysts.

NOI and Cash NOI

We compute NOI as total revenues less property expenses. NOI excludes all other items of expense and income included in the financial statements in calculating net income or loss. Cash NOI further excludes non-cash items included in total revenues and property expenses, such as straight-line rental revenue and other amortization and non-cash charges. We believe NOI and Cash NOI provide useful and relevant information because they reflect only those income and expense items that are incurred at the property level and present such items on an unlevered basis

NOI and Cash NOI are not measurements of financial performance under GAAP. You should not consider our NOI and Cash NOI as alternatives to net income or cash flows from operating activities determined in accordance with GAAP. Additionally, our computation of NOI and Cash NOI may differ from the methodology for calculating these metrics used by other equity REITs, and, therefore, may not be comparable to similarly titled measures reported by other equity REITs.

Glossary

Supplemental Reporting Measures and Other Terms

Adjusted EBITDAre / Adjusted NOI / Adjusted Cash NOI

We further adjust EBITDAre, NOI and Cash NOI i) based on an estimate calculated as if all acquisition and disposition activity that took place during the quarter had been made on the first day of the quarter, ii) to exclude certain GAAP income and expense amounts that we believe are infrequent and unusual in nature, such as our loss on repurchase of secured borrowings and iii) to eliminate the impact of contingent rental revenue from our tenants which is subject to sales thresholds specified in the lease. We then annualize these estimates for the current quarter by multiplying them by four, which we believe provides a meaningful estimate of our current run rate for all properties owned as of the end of the current quarter. You should not unduly rely on these metrics as they are based on assumptions and estimates that may prove to be inaccurate. Our actual reported EBITDAre, NOI and Cash NOI for future periods may be significantly less than these estimates of current run rates.

Cash ABR

Cash ABR means annualized contractually specified cash base rent in effect as of the end of the current quarter for all of our leases (including those accounted for as direct financing leases) commenced as of that date and annualized cash interest on our mortgage loans receivable as of that date.

Rent Coverage Ratio

Rent coverage ratio means the ratio of tenant-reported or, when unavailable, management's estimate based on tenant-reported financial information, annual EBITDA and cash rent attributable to the leased property (or properties, in the case of a master lease) to the annualized base rental obligation as of a specified date.

GE Seed Portfolio

GE seed portfolio means our acquisition of a portfolio of 262 net leased properties on June 16, 2016, consisting primarily of restaurants, that were being sold as part of the liquidation of General Electric Capital Corporation for an aggregate purchase price of \$279.8 million (including transaction costs).

GAAP Cap Rate

GAAP Cap Rate means annualized rental income computed in accordance with GAAP for the first full month after acquisition divided by the purchase price, as applicable, for the property.

Cash Cap Rate

Cash Cap Rate means annualized contractually specified cash base rent for the first full month after acquisition or disposition divided by the purchase or sale price, as applicable, for the property.
